Re: Generator Number

Dear Lindsey:

This letter is in response to a suggestion by a representative of the EPA, Region VI, Dallas.

I called and requested a Generator I.D. Number for the KMCO facility in Port Arthur, Texas. I was given generator number 074198961. Upon checking the number, it was discovered that this number has already been assigned to KMCO's facility in Crosby, Texas. After an inquiry with an EPA representative, it was found that the number 074198961 has been assigned to KMCO, Inc. 2450 South Gulfway Drive, Crosby, Texas. This is incorrect. We have two (2) separate facilities. The first one is KMCO, Inc., 16503 Ramsey Road, Crosby, Texas and the second one is KMCO, Inc., 2450 South Gulfway Drive, Port Arthur, Texas. The number already assigned belongs to KMCO, Inc., 16503 Ramsey Road, Crosby, Texas. Please correct this error.

I am seeking an EPA I.D. Number for the Port Arthur facility. The application was submitted in June. Presently I am attempting to get a number by phone as the Port Arthur facility does need one now.

If I can be of further help please call.

Sincerely,

Richard C. Walker
